

# SME RESEARCH REPORT SUMMARY 2017/18

As a business owner, what keeps you up at night?

We have compiled a Research Report on small business showing the following highlights:

- Business Planning, Asset Protection and Stress/Lifestyle Balance are the three top concerns
- Many owners want to work "on the business", but 80% don't have plans in place to make it happen
- 47% of small business owners believe they spend enough time with their family
- Only 20% of small business owners have a structured business plan

If these and other extensive findings are relevant to your business, [read more](#) for the full report.
